VERMOUTH DI TORINO BIANCO VERMOUTH DELLA REGINA

Description

Vermouth della Regina Bianco is named after Queen Margherita, who, in 1907, granted Chazalettes the royal patent and the use of the Savoia Royal House coat of arms. Its main characteristic is the intense fragrance of fruits and flowers, with delicate and attractive aromas.

Characteristics

Vermouth della Regina Bianco is a Vermouth di Torino that has an intense perfume of flowers and fruits where, beyond the notes of **Piedmontese artemisia**, sweet citrus, coriander, angelica and of a scented cardamom stand out. A touch of gentian and another one of rhubarb balance with **bitter marks** the natural sweetness of the Vermouth Bianco.

It's dedicated to Queen Margherita of Savoy, who in 1907 granted Chazalettes the right to bear the Royal House emblem.

How to drink it

Vermouth Bianco is elegant and smooth on the palate, characteristics quite complementary to mix with sparkling wine to create a **Royal Mimosa** (with orange juice) or with sherry fino for Adonis #2.
